# Mobile Water Services

## PS-2001 Pump Skid

Expansa provides reliable and operator friendly pump skids designed for efficient and reliable fluid transfer in various industrial applications. The skid design provides a convenient and modular solution, allowing for easy integration into existing systems or as a standalone unit. These pump skids are often used in conjunction with Expansa Mobile RO Trailers when incoming pressure is not sufficient.

### Operator Friendly System

Expansa pump skids are designed with operator-friendly features, facilitating ease of use and maintenance for seamless fluid transfer in industrial applications.

### Efficient Design

The Expansa pump skids showcase a highly effective design, maximizing functionality and performance for dependable fluid transfer across various industrial applications.

### Advanced Controls

Optional asset monitoring solution includes access to Expansa-analytics. This cloud-based remote monitoring and data acquisition system is designed to enhance the customer experience.

### Zero Downtime

Engineered for uninterrupted performance, Expansa pump skids minimize operational disruptions, ensuring a continuous and reliable fluid transfer in industrial settings.

### Ancillary Equipment

Expansa also offers a full range of support equipment and accessories as part of our turnkey solutions. This includes pre-treatment, booster pumps, hoses, tanks, cleaning systems, consumables, and operations and maintenance services.

# Technical Specifications

<b>Dimensions</b>	8' 2" L x 4' 6" H x 3' W	<b>Service Connections Inlet/Outlet</b>	All connections are PVC 150# Flange. 4" / 4"
<b>Weight</b>	Shipping Weight: 800lbs	<b>Model</b>	Coulds ESV xxxxxxxxx
<b>Flow (gpm)</b>	75 @ 40 psi	<b>Motor</b>	15 HP Baldor
<b>Electrical Requirements</b>	480V / 3ph / 60 Hz / 20 amp	<b>Controls</b>	3 Pole Disconnect with HOA feature.
<b>Control Panel</b>	NEMA 4X	<b>Instrumentation</b>	Pressure Gauges (chemoil)
